The Board recommends the Special Resolution set out at item No. 9 of the Notice for approval by the shareholders.

None of Directors/ Key Managerial personnel of the Company or their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at item No. 9 of the Notice.

ITEM NO. 10

The Board, on the recommendation of the Audit Committee, has approved the appointment and remuneration of M/s J. K. Kabra & Company. Cost Auditors in its meeting held on 22th April 2014 to conduct cost audit of the Company for financial year ending March 31, 2015, subject to the approval of the Central Government, the remuneration of the Cost Auditors has been approved and recommended at Rs.25000/-. The relevant Form regarding appointment and remuneration of the Cost Auditors approved by the Board has been filed with the Central Government as required under the Companies Act, 1956.

In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014 the remuneration payable to the Cost Auditors has to be ratified by the shareholders of the Company. Accordingly, consent of the members is sought as set out in the Resolution at item No.10 of the Notice for ratification of the remuneration payable to the Cost Auditor, subject to the approval of the Central Government for the financial year ending March 31, 2015 for conducting cost audit and giving their report thereon.

The Board recommends the Ordinary Resolution set out at item No. 10 of the Notice for approval by the shareholders.

None of Directors/ Key Managerial personnel of the Company/ their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at item No. 10 of the Notice.

ITEM NO. 11

Shareholders are informed that pursuant to section 180 (1) (c) of the Companies Act, 2013, a company is required to take approval from the shareholders before borrowing money, where the money to be borrowed, together with the money already borrowed by the company, will exceed the aggregate of its paid-up share capital and free reserves, apart from temporary loans obtained from the Company's Bankers in the ordinary course of business. Hence, Board proposes the resolution at item no. 11 of the notice, for the consideration of shareholders and to give their consent and authority to the Board to borrow money including money already borrowed upto a limit of Rs. 10000 crore (Rupees Ten thousand Crore only).

The Board recommends the Special Resolution set out at item No. 11 of the Notice for approval by the shareholders.

None of Directors/ Key Managerial personnel of the Company or their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at item No. 11 of the Notice.

ITEM NO. 12

Shareholders are informed that pursuant to section 186 of the Companies Act, 2013, no company can invest funds and/or give loan and/or give guarantee and/or provide securities exceeding sixty percent of its paid up share capital, free reserves and securities premium account or one hundred percent of its free reserves and securities premium account except with the approval of the shareholders in general meeting. Hence, Board proposes the resolution at item no. 12 of the notice, for the consideration of shareholders and to give their consent and authority to the Board to invest funds of the Company and/or give loans and/or give guarantee and/or provide securities in connection with a loan which may exceed the limit as given under section 186, but not exceeding Rs.1000 Crore (One thousand crore only).

The Board recommends the Special Resolution set out at item No. 12 of the Notice for approval by the shareholders.

None of Directors/ Key Managerial personnel of the Company or their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at item No. 12 of the Notice.

ITEM NO. 13

In the course of business activities, Bank(s)/Financial Institution(s) both domestic or foreign whether in public sector or private sector or joint venture are sanctioning various loans, limits, credit facilities to a Company from time to time and require the Company to mortgage/charge movable/immovable properties of the Company by way of First/Second/both present and future in order to provide pari-passue charge for their Loan(s) and working Capital Facility(ies).

Pursuant to Section 180(1)(a) and other applicable provisions, if any, of the Companies Act, 2013 and rules made thereunder (including any amendment or enactment) approval of the Shareholders is required before mortgaging/charging movable/ immovable properties of the Company in favour of Bank(s)/Financial Institution(s)/both domestic or foreign whether in public sector or private sector or joint venture for their respective Loan(s) and Working Capital Facility(ies). Board of Directors has recommended for approval of the Shareholders for authority to Board of Director in the Resolution as set out at item no. 13 of the Notice for consenting to mortgage/charge movable and/or immovable properties of the company by way of First/Second/parri-passu Charge to the Bank(s)/Financial Institution(s), whether in public sector or in private sector or in joint sector who have sanctioned various loans, limits, working capital facilities to the Company.

PERFORMANCE REVIEW

During the year under review, the plant was shut down from June 2013 to March 2014 for undertaking expansion. Therefore the production of salable products was affecting and consequently sales reduced to Rs. 3076 lacs as compare to previous year. However, Company explored the other associated activities and earned income from such activities to the tune of Rs. 2544.75 lacs resulting into increase in profit from Rs. 477.94 lacs to Rs. 697.36 lacs.

OPERATION & FUTURE OUTLOOK

During the year under review, your company has undertaken installation of Induction Furnace & 12 MW waste heat recovery based (WHRB) captive power plant for continuous power to Induction Furnace, which is in progress. Power shall be generated from waste heats generated in the plant. This will not only save high power cost but also allow the company to sell the excess power through open access thereby generating extra revenues. Installation of furnace will produce cost effective Sponge Iron.

Your company has been sourcing coal through e-auction, rates which are higher to the normal market rates, if available. Thus increasing the cost of production. Fuel Supply Agreement with Southern Eastern Coalfield Ltd is in dispute and is pending before Hon'ble Supreme Court for adjudication. Non availability of higher grade of quality of iron ore at the competitive prices has affected profits. In the current market conditions, to compete in the market, captive mines and captive power plant is a necessity.

Your Company does not have its own captive iron ore mines. The Company has applied for grant of prospecting license for iron ore over an area of 11.47 sq kms in Village Madamnar, Dist Narayanpur, Chhattisgarh. which is yet to be recommended by the State to Central Government for approval.

The demand of Sponge Iron in the market also remained low because of higher cost of production resulting into lower sales.

DIVIDEND

To consolidate the future position of the Company and support the fund requirements to stimulate the growth. Board of Directors regret their inability to recommend any Dividend for the year.

LISTING

The Equity shares of the company are listed at Bombay Stock Exchange. The Company has paid listing fees to the Stock Exchange for the year 2014-15. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

COMPETITIVE AND EXTERNAL ENVIRONMENT

The economic growth in India in financial year 2013-14 had slowed down to 4.5%. The low economic growth appears to have bottomed out and increased in economic activity is expected from the middle of 2014 after formation of new stable Government. Change in the Government at the Centre has wired a hope of growth in the manufacturing sector. Its priority is to put the Industry on path of growth and generate employment. Steel Power and Infrastructure companies are expecting the policies to be growth oriented. Govt. has been striving for strengthening the manufacturing sector for more production and has set the production targeted of production of Steel under National Steel Policy 2005.

INDUSTRY REVIEW

Indian steel manufacturing market has been paying price for policy logjam. The new Govt has emphasis infrastructure growth, including the rail and road network and simplified and transparent policy mechanism, thereby doing away with a plethora of committees and sub-committees with a view to speedily sanction projects and clear stalled projects. Such steps of the Govt will make a significant positive impact on the uncertain business scenario that was instrumental in pulling down entrepreneurial investment institutions, industrial growth and GDP.

OUTLOOK

During the year under review, your company has undertaken installation of Inductions Furnace 12 MW waste heat recovery based (WHRB) captive power plant for continuous power to Induction Furnace. The Installation of Induction furnace is in progress. Cost of power expected to be minimum since power shall be generated from waste heats generated in the plant. Installation of furnace will produce cost effective Sponge Iron.

Your company has been sourcing coal through e-auction, rates which are higher to the normal market rates, if available. Thus increasing the cost of production. Fuel Supply Agreement with Southern Eastern Coalfield Ltd is in dispute and is pending before Hon'ble Supreme Court for adjudication. Non availability of higher grade of quality of iron ore at the competitive prices has affected profits. In the current market conditions, to compete in the market, captive mines and captive power plant is a necessity.

Your Company does not have its own captive iron ore mines. The Company has applied for grant of prospecting license for iron ore over an area of 11.47 sq kms in Village Madamnar, Dist Narayanpur, Chhattisgarh, expected to contain high grade iron ore, which is yet to be recommended by the State to Centre Govt. The demand of Sponge Iron in the market also remained low because of higher cost of production resulting into lower sales. Sponge Iron is reduced directly in solid state using Coal gas, natural gas or Coal reluctant and is also known as Directly Reduced Iron (DRI). Basically, Sponge Iron is a substitute for steel scrap and therefore the price of Sponge Iron varies from time to time in view of the availability of the steel scrap in the country.

Company's plant is one of the initial coal-based Sponge Iron plant in India with the Technical knowhow from Lurgi Chemie Metallurgie Industriebau GmbH, Germany. Major equipment both imported and indigenous has been used as per LURGI's proprietary design. The technology being new at that point of time the cost of project was high. In today's scenario, the cost of similar project would be much lower. During the year Company procured raw material from open market while coal was procured through e-auction. The operations can be made profitable mainly by (i) having own captive mines (ii) installation of power plant utilizing waste heat of the Kiln and (iii) expansion of production capacity; installation of furnace and installation of down stream facilities manufacturing finished products of steel. The company is planning to increase its production capacity to 15,00,000 tones per annum. MECON has been assigned the job for expansion of the project.

The power plant of 12 MW waste heat recovery based (WHRB) is being installed and is expected to be complete by the end of the current financial year. Besides reducing costing of production, surplus power, if any, will be sold through open access. Further, the installation of induction furnace is also in progress.

CERTIFICATE
(Under Clause 49(VII) of Listing Agreement)

To the Members of
Nova Iron & Steel Limited

We have examined the compliance of conditions of Corporate Governance by Nova Iron & Steel Limited('the Company') for the year ended 31 March 2014, as stipulated in Clause 49 of the Listing Agreements of the said Company with Stock Exchanges in India. The Company has complied with the same materially.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. INDEPENDENT AUDITOR'S REPORT

To The Members of NOVA IRON AND STEEL LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of **NOVA IRON AND STEEL LIMITED**, which comprise the Balance Sheet as at 31st March 2014, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in Section 211(3C) of the Companies Act, 1956 ('the Act') read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view, in conformity with the accounting principles generally accepted in India :-

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2014;
- b) in the case of the Statement of Profit and Loss, of the Profit for the year ended on that date ; and
- c) in the case of Cash Flow Statement, of cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2003('the Order') issued by the Central Government of India in terms of Section 227(4A) of the Act, we give in Annexure a statement on the matters specified in paragraphs 4 and 5 of the said order.
2. As required by Section 227(3) of the Act, we report that:-
 - a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - c) The Balance Sheet and Statement of Profit and Loss Account and Cash Flow Statement dealt with by this report, are in agreement with the books of account;
 - d) In our opinion the Balance Sheet, Statement of Profit and Loss Account and Cash Flow Statement comply with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of section 133 of the Companies Act, 2013;
 - e) On the basis of the written representations received from the Directors and taken on record by the Board of Directors, none of the Directors is disqualified as on 31st March, 2014 from being appointed as a Director in terms of clause (g) of Sub-section (1) of Section 274 of the Companies Act, 1956.

NOTE ON FINANCIAL STATEMENTS AS AT 31st MARCH, 2014

NOTE 1 : SIGNIFICANT ACCOUNTING POLICIES

(I) BASIS OF PREPARATION OF FINANCIAL STATEMENTS

(a) Basis of Accounting:

The financial statements have been prepared in accordance with Generally Accepted Accounting Principles (GAAP) in India and presented under the historical cost convention on accrual basis of accounting to comply with the accounting standards prescribed in the Companies (Accounting Standards) Rules, 2006 and with the relevant provisions of the Companies Act, 1956

(b) Use of Estimates:

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) in India requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent liabilities on the date of financial statements and reported amounts of income and expenses during the period. Difference between the actual result and estimates are recognized in the period in which the results are known/ materialized.

(II) FIXED ASSETS

(a) Tangible Fixed Assets

Fixed Assets are stated at cost, net of VAT/ MODVAT/ CENVAT, less accumulated depreciation. The costs comprises purchase price, borrowing costs relating to qualifying assets till commencement of commercial production and directly attributable cost of bringing the assets to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing assets beyond its previously assessed standard of performance.

Machinery spares that can be used only in connection with an item of fixed asset and their use is expected to be irregular are capitalized. Replacement of such spares is charged to revenue. Capital expenditure on assets not owned by the company with exclusive right to use is reflected in capital work in progress till the period of completion and thereafter in fixed assets.

(b) Assets in the Course of construction

Assets in the Course of construction are reflected in capital work in progress. At the point when an asset is operating at management's intended use, the cost of construction is transferred to appropriate category of fixed assets. Costs associated with the commissioning of an asset are capitalized where the asset is available for use but incapable of operating at normal levels until a period of commissioning has been completed.

(III) IMPAIRMENT OF ASSETS

Carrying amount of cash generating units / assets is reviewed for impairment, if events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If any such indication exists, the recoverable amount is estimated as higher of its net selling price and value in use. An impairment loss is recognized in the Statement of Profit and Loss, whenever the carrying amount of an asset/cash generating unit exceeds its recoverable amount.

(IV) DEPRECIATION

Depreciation on the assets other than Plant & machinery is provided for at written down value method as per the rates prescribed under Schedule XIV of the Companies Act, 1956. Plant & Machinery is being depreciated @ 25% per annum on written down method.

Freehold Land is not depreciated. Leasehold land is being written off over the lease period.

(V) REVENUE RECOGNITION

Revenue is recognized when it can be reliably measured and when all significant risks and rewards/ownership are transferred to the customer. Sales are inclusive of sales during trial run, excise duty and net of sales tax/vat.

Interest income is recognized on accrual basis in the income statement.

Expenditure is accounted for on accrual basis and provision is made for all known losses and liabilities.

(VI) FOREIGN CURRENCY TRANSACTIONS

Transactions denominated in foreign currencies are normally recorded at the exchange rates prevailing at the date of the transactions. Monetary items denominated in foreign currencies outstanding at the year-end are translated at the exchange rate applicable as on that date. Non monetary items are valued at the exchange rate prevailing on the date of transaction.

From accounting periods commencing on or after 7 December 2006, the company accounts for exchange differences arising on translation/settlement of foreign currency monetary items as follows:

(i) Exchange differences relating to long-term monetary items, arising during the year, in so far as they relate to the acquisition of depreciable capital assets are added to/deducted from the cost of asset and depreciated over the remaining useful life of the asset.

(ii) All other exchange differences are recognized as income or expenses in the Statement of Profit and Loss in the period in which they arise.

(VII) INVESTMENTS

Investments are classified into current and long-term investments. Current investments except for current maturities of long term investments are stated at the lower of cost and quoted/ fair value. Long term investments are stated at cost less any provision for other than temporary diminution in value.

(VIII) INVENTORY VALUATION

Inventories are valued at lower of cost or net realizable value except scrap which is valued at net realizable value. The cost is determined by using first-in-first-out (FIFO) method. Finished goods and work-in progress include costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Excise duty on closing stock of finished goods and scrap are accounted for on the basis of payments made in respect of goods cleared as also provision made for goods lying in the factory and included in the value of such stocks.

(IX) INCOME TAX

Provision for current income tax is made after taking credit for allowances and exemptions. In case of matters under appeal, due to disallowance or otherwise, provision is made when the said liabilities are accepted by the Company.

Minimum Alternative Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay income tax higher than that computed under MAT, during the period that MAT is permitted to be set off under the Income Tax Act, 1961 (specified period). In the year, in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in the guidance note issued by the Institute of Chartered Accountants of India (ICAI), the said asset is created by way of a credit to the statement of Profit and Loss and shown as MAT credit entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay Income Tax higher than MAT during the specified period.

(X) BORROWING COST

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from Short – term foreign currency borrowings to the extent they are regarded as an adjustment to interest cost.

Borrowing Cost that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are expensed in the Statement of Profit and Loss in the period they occur.

(XI) MODVAT / CENVAT / VAT

Modvat/ Cenvat/ VAT claimed on capital assets is credited to assets / capital work in progress account. Modvat/ Cenvat/ VAT on purchase of raw materials and other materials are deducted from the cost of such materials.

(XII) CLAIMS

Claims receivable are accounted for depending on the certainty of receipt and claims payable are accounted at the time of acceptance.

(XIII) RETIREMENT/POST RETIREMENT BENEFITS

- (a) Short term employee benefits are recognized as an expense at the undiscounted amount in the year in which related service is rendered.
- (b) The Company has defined contribution plan for post retirement benefits, namely Employees Provident Fund scheme administered through provident Fund Commissioner. The Company's contribution is charged to revenue every year.
- (c) The Company has defined benefits plans namely Leave encashment / Compensated absence and Gratuity, the liability for which is determined on the basis of Actuarial valuation at the end of the year.
- (d) Termination benefits are recognized as an expense immediately.
- (e) Gain or Loss arising out of actuarial valuation are recognized in the Statement of Profit and Loss as income or expense.

(XIV) PROVISIONS

Show cause notices issued by various government authorities are not considered as obligation. When the demand notice are raised against such show cause notice and are disputed by the Company then these are classified as possible obligations. Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources.

(XV) CONTINGENT LIABILITIES & COMMITMENTS

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events beyond the control of the company. Where the potential liabilities have a low probability of crystallizing or are very difficult to quantify reliably, these are treated as contingent liabilities.

Such liabilities are disclosed in the notes but are not provided for in the financial statements, although there can be no assurance regarding the final outcome of the legal proceedings, the company does not expect them to have a materially adverse impact on the financial position or profitability.

(XVI) DEFERRED TAX

Deferred Tax reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax law enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In case of unabsorbed depreciation and carry forward of losses under tax laws, deferred tax assets are recognised only to the extent that there is virtual certainty support by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realized.

At each Balance Sheet date, the company reassesses unrecognized deferred tax assets. It recognised unrealized deferred tax assets to the extent it has become reasonably or virtually certain, as the case may be, that sufficient taxable income will be available against which the deferred tax can be realized.
